REVIEWER COMMENTS	
<p>Moore has been providing care in 2 homes owned by this agency. Over the years there have been changes and are continuing in the past year. The residents continue to be encouraged to make personal decisions and assist in meal choices, dishes and personal laundry. It is evident that the women in general are feeling more empowered and in charge of their life choices. They have been taking day trips to regional activities. Moore has been willing to follow our suggestions and are as pleased with the results as the residents, families and this agency.</p>
